

Business Rates Explanatory Notes 2021-2022

Non-Domestic Rates

Non-Domestic Rates, or business rates, collected by local authorities are the way that those who occupy non-domestic property contribute towards the cost of local services. Under the business rates retention arrangements introduced from 1st April 2013, authorities keep a proportion of the business rates paid locally. The money, together with revenue from council taxpayers, locally generated income and grants from central government, is used to pay for the services provided by local authorities in your area. Further information about the business rates system, may be obtained at: www.gov.uk/introduction-to-business-rates and at <https://www.sefton.gov.uk/business/business-rates.aspx>

Business Rates Instalments

Payment of business rate bills is automatically set on a 10-monthly cycle. However, the Government has put in place regulations that allow ratepayers to require their local authority to enable payments to be made through 12 monthly instalments. If you wish to take up this offer, you can make an application on line <https://forms.sefton.gov.uk/nndrtwelveinstalments>

National Non-Domestic Rating Multiplier

The local authority works out the business rates bill for a property by multiplying the rateable value of the property by the appropriate non-domestic multiplier. There are two multipliers: the national non-domestic rating multiplier and the small business non-domestic rating multiplier. The Government sets the multipliers for each financial year, except in the City of London where special arrangements apply. Ratepayers who occupy a property with a rateable value which does not exceed £50,999 (and who are not entitled to certain other mandatory relief[s] or are liable for unoccupied property rates) will have their bills calculated using the lower small business non-domestic rating multiplier, rather than the national non-domestic rating multiplier. The multiplier for a financial year is based on the previous year's multiplier adjusted to reflect the Consumer Price Index (CPI) inflation figure for the September prior to the billing year. The current multipliers are shown on the front of your bill.

Further information can be found on the Local Authorities website

<https://www.sefton.gov.uk/business/business-rates/who-is-liable-for-business-rates.aspx>

Rateable Value

Apart from properties that are exempt from business rates, each non-domestic property has a rateable value which is set by the Valuation Office Agency (VOA), an agency of Her Majesty's Revenue and Customs. They compile and maintain a full list of all rateable values, available at www.gov.uk/voa

The rateable value of your property is shown on the front of your bill. This broadly represents the yearly rent the property could have been let for on the open market on a particular date specified in legislation. For the current rating list, this date was set as 1st April 2015. The Valuation Office Agency may alter the valuation if circumstances change. The ratepayer (and certain others who have an interest in the property) can also check and challenge the valuation shown in the list if they believe it is wrong. Further information about the grounds on which challenges may be made and the process for doing so can be found on the VOA website:

<https://www.gov.uk/correct-your-business-rates>

Revaluations

All non-domestic property rateable values are reassessed at revaluations. The most recent revaluation took effect from 1st April 2017. Revaluations ensure that business rates bills are up to date; more accurately reflect current rental values and relative changes in rents. Frequent revaluations ensure the system continues to be

responsive to changing economic conditions.

Non-Domestic Rates, or business rates, collected by local authorities are the way that those who occupy non-domestic property contribute towards the cost of local services. Under the business rates retention arrangements introduced from 1st April 2013, authorities keep a proportion of the business rates paid locally. This provides a direct financial incentive for authorities to work with local businesses to create a favourable local environment for growth since authorities will benefit from growth in business rates revenues. The money, together with revenue from council tax payers, revenue support grant provided by the Government and certain other sums, is used to pay for the services provided by local authorities in your area. Further information about the business rates system, including transitional and other reliefs, may be obtained at www.gov.uk or <https://www.sefton.gov.uk/business/business-rates.aspx>

Business Rate Relief

Depending on individual circumstances, a ratepayer may be eligible for a rate relief (i.e. a reduction in your business rates bill). There are a range of available reliefs. Some of the permanent reliefs are set out below but temporary reliefs are often introduced by the Government at Budgets. You should contact your local authority for details on the latest availability of business rates reliefs and advice on whether you may qualify. Further detail on reliefs is also provided at www.gov.uk/introduction-to-business-rates or at <https://www.sefton.gov.uk/business/business-rates/reliefs-and-exemptions.aspx>

Small Business Rates Relief

If a ratepayer's sole or main property has a rateable value which does not exceed an amount set out in regulations, the ratepayer may receive a percentage reduction in their rates bill for this property of up to a maximum of 100%. The level of reduction will depend on the rateable value of the property – for example eligible properties below a specified lower threshold will receive 100% relief, and you may receive partial tapered relief up to a specified upper threshold. The relevant thresholds for relief are set out in regulations and can be obtained from your local authority <https://www.sefton.gov.uk/business/business-rates/business-rates-small-business-rate-relief.aspx> or at www.gov.uk/introduction-to-business-rates.

Generally, this percentage reduction (relief) is only available to ratepayers who occupy either—

- (a) One property, or
- (b) One main property and other additional properties providing those additional properties each have a rateable value which does not exceed the limit set in regulations.

The aggregate rateable value of all the properties mentioned in (b), must also not exceed an amount set in regulations. For those businesses that take on an additional property which would normally have meant the loss of small business rate relief, they will be allowed to keep that relief for a fixed additional period. Full details on the relevant limits in relation to second properties and the current period for which a ratepayer may continue to receive relief after taking on an additional property can be obtained from your local authority <https://www.sefton.gov.uk/business/business-rates/business-rates-small-business-rate-relief.aspx> or at www.gov.uk/introduction-to-business-rates.

Where a ratepayer meets the eligibility criteria and has not received the relief they should complete the on line form at <https://www.sefton.gov.uk/business/business-rates/business-rates-small-business-rate-relief.aspx>

Certain changes in circumstances will need to be notified to the local authority by the ratepayer who is in receipt of relief (other changes will be picked up by the local authority). The changes which should be notified are—

- (a) The property falls vacant,
- (b) The ratepayer taking up occupation of an additional property, and
- (c) An increase in the rateable value of a property occupied by the ratepayer in an area other than the area of the local authority which granted the relief.

Charity and Community Amateur Sports Club Relief

Charities and registered Community Amateur Sports Clubs are entitled to 80% relief where the property is occupied by the charity or the club and is wholly or mainly used for the charitable purposes of the charity (or of that and other charities), or for the purposes of the club (or of that and other clubs).

Further information and an application form can be found by visiting

<https://www.sefton.gov.uk/business/business-rates/business-rates-mandatory-charity-relief>

The local authority has discretion to give further relief on the remaining bill. Further information and an application form can be found by visiting <https://www.sefton.gov.uk/business/business-rates/business-rates-discretionary-rate-relief>

Unoccupied Property Rate Relief

Business rates are generally payable in respect of unoccupied non-domestic property. However, they are generally not payable for the first three months that a property is empty. This is extended to six months in the case of certain other properties (for example industrial premises). Full details on exemptions can be obtained by visiting <https://www.sefton.gov.uk/business/business-rates/business-rates-empty-property-rate-relief.aspx> or from gov.uk at <https://www.gov.uk/apply-for-business-rate-relief>

Transitional Rate Relief

At a revaluation, some ratepayers will see reductions or no change in their bill whereas some ratepayers will see increases. Transitional relief schemes are introduced at each revaluation to help those facing increases. This relief has been funded by limiting the reduction in bills for those who have benefitted from the revaluation. Transitional relief is applied automatically to bills. Further information about transitional arrangements may be obtained by visiting <https://www.sefton.gov.uk/business/business-rates/rateable-value.aspx> or www.gov.uk/introduction-to-business-rates.

Local Discounts

Local authorities have a general power to grant discretionary local discounts and to give hardship relief in specific circumstances. Full details can be obtained from the local authority.

Further details on all reliefs, discounts and exemptions can be found by visiting

<https://www.sefton.gov.uk/business/business-rates/reliefs-and-exemptions.aspx>

Subsidy Control

As the UK has now left the EU and the transition period has come to an end, State Aid rules no longer apply to new subsidies granted in the UK. Further information can be found by visiting

<https://www.sefton.gov.uk/business/business-rates/reliefs-and-exemptions.aspx>

Rating advisers

Ratepayers do not have to be represented in discussions about their rateable value or their rates bill. However, ratepayers who do wish to be represented should be aware that members of the Royal Institution of Chartered Surveyors (RICS - website www.rics.org) and the Institute of Revenues, Rating and Valuation (IRRV - website www.irrv.org.uk) are qualified and are regulated by rules of professional conduct designed to protect the public from misconduct. Before you employ a rating adviser, you should check that they have the necessary knowledge and expertise, as well as appropriate indemnity insurance. Take great care and, if necessary, seek further advice before entering into any contract.

Information Supplied with Demand Notices

Information relating to the relevant and previous financial years in regard to the gross expenditure of the local authority can be found by visiting <https://www.sefton.gov.uk/council-tax/how-your-council-tax-is-spent.aspx>
A hard copy is available on request by writing to the council or telephone the business rates team on 0151 934 4360.
