

Housing Advice

People Being Released From Hospital

If you are being released from hospital you may be entitled to receive the services of support staff within the hospital; this support is usually provided by Hospital Discharge Teams.

If you do have a support worker they should assist you to complete a formal referral, or Duty to Refer, into the Housing Options Service at Sefton, should you require rehousing. This referral might be asking for general assistance with your housing options or might be specifically due to their concerns around homelessness when you are released from hospital.

Your housing options would generally include the following, if you require rehousing on discharge from hospital.

1. Referral to the Council for a homeless assessment, and/or
2. Referral to our Mainstay gateway system for access to temporary accommodation (hostels), and/or
3. Applying for social housing via Property Pool Plus.
4. Seeking a home in the Private Rented sector

Whichever route(s) you take the Council will do all it can to assist you, although we cannot guarantee that there will be accommodation available for you when you are discharged from hospital and you might be referred to the emergency Sit-Up services across the borough, which are located in some of the hostels.

You can **apply for social housing through Property Pool**. Being registered does not guarantee that you will be offered housing or how long that may take.

If you are not registered you can do so online via www.propertypoolplus.org.uk

If you are registered you should ensure that Property Pool Plus is aware of your current circumstances and if you are able to place bids for available property.

You could try to find **housing in the private rented sector**. Our Housing Options service may be able to advise you how to find out what housing is available locally and how to apply for help with your housing costs.

You might be able to get help with a deposit through:

- our private rented sector bond scheme, or
- Applying to our Housing Benefits service for a Discretionary Housing Payment for securing private sector tenancy (if you are already in receipt of Housing Benefit or Universal Credit)

Short term supported accommodation may be available if you are homeless. Mainstay Gateway to Housing & Support was created to provide improved access to short-term Housing Related Support services for single persons. A number of local organisations provide temporary housing and support services. More information can be found at; <https://www.sefton.gov.uk/housing/single-person-homeless-and-housing-support-services.aspx>

Where to go to get help and Advice
