Dear Families and St Andrews Community,

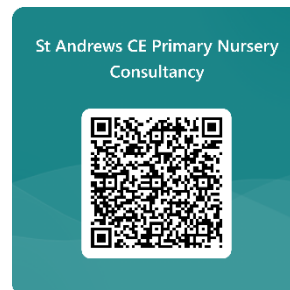

I am writing to open consultation with our school community, as St. Andrews CE Primary School intend to extend the age range of our school from 4-11 years to 3-11 years.

Currently, St. Andrews CE Primary School provides 4 – 11 year-old provision and is proposing expanding provision with an onsite nursery for children aged 3-4 years old. We propose, at this stage, that the nursery provision will be open from 09:00 until 15:00. This addition to the school will offer many benefits including early years wrap around provision, and the early support of children and families.

Please be aware that this addition to our school is being completed in full agreement with, and in full collaboration with, Bright Days Nursery.

We are seeking feedback regarding the opening of St. Andrews CE Primary School School Nursery which we propose to become part of our early years provision. We would appreciate if you could spend a few moments completing this short survey using either of the links below:
